Remarks

Claim 3 was objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the

base claim and any intervening claim. In response, claim 1 was amended to include those limitations originally found in claim 3. Therefore, claim 1 is in proper condition for

allowance.

All other claims either depend from allowable claim 1, or were previously

allowed by the Examiner.

No amendment made was related to the statutory requirements of patentability

unless expressly stated herein; and no amendment made was for the purpose of

narrowing the scope of any claim, unless Applicant has argued herein that such amendment was made to distinguish over a particular reference or combination of

references. As the Applicant has overcome all substantive rejections given by the

Examiner the Applicant contends that this Amendment, with the above discussion,

overcomes the Examiner's rejections to the pending claims. Therefore, the Applicant

respectfully requests allowance of the application. If the Examiner is of the opinion that

any issues regarding the status of the claims remain after this response, the Examiner is

invited to contact the undersigned representative to expedite resolution of the matter.

Finally, please charge any fees (including extension of time fees) or credit overpayment

to Deposit Account No. 502117.

Respectfully Submitted, Huang, ET AL.
